2 Slashing

DISARMS:
1 Static

Advancement from Brown Belt to Junior Black Belt requires the martial artist demonstrate that they have not only learned and retained all of the skills, techniques and forms they have learned to this point, but have furthermore made their Karate a part of them. It will show in the way they move, in the way they act, and most importantly in the respect they show themselves and others. They shall be a living example of our Student Creed both inside and outside The Dojo.
